

# Charlie Six Capabilities

Charlie Six is a Service-Disabled Veteran-Owned Small Business certified by the Small Business Administration (SBA). Charlie Six has fourteen years of experience providing Chemical, Biological, Radiological, Nuclear and High-Yield Explosives (CBRNE) Emergency Response and Training all over the globe. Through both prime contracts and partnerships, Charlie Six has provided stellar support, unparalleled training systems and innovative response solutions. Charlie Six offers efficient solutions for environmental remediation, engineering, logistics management, CBRNE Emergency Response, Incident Management and Training.

Charlie Six works everyday to create a positive impact on the missions of our customers and the lives of our employees and subcontractors. Charlie Six has worked all over the globe providing world-class CBRNE Training and has covered over 1,400 miles of the southern border of the United States of America providing detection, identification and evidentiary sampling support through over a dozen prime contractors providing over ten years of first-line defense to the Department of Homeland Security.

## Advantages

Our SDVOSB status benefits you by allowing faster procurements while coupling efficiency with proficiency.

**DoD Customers may award CharlieSix direct awards of up to \$7M per FAR 19.1406.**

## Core Competencies

### CBRNE Emergency Response

At CharlieSix, we are NIMS-certified Incident Commanders operating as Rescue and HAZMAT Technicians under a diverse set of federal investigatory and emergency response umbrellas. Under multiple Federal contracts we detect, identify and interdict illicit materials being smuggled by recognized global terror organizations. We are the only Oklahoma-based business to successfully operate in the hot zone during the Dallas Ebola Crisis of 2014. We have supported law enforcement agencies during the investigation of environmental crimes while also performing confined space operations in contaminated environments. Lastly, we have used these fast-paced response experiences to build innovative training solutions for a variety of operational CBRNE military units supporting the security of the United States and its allies.

CharlieSix has experienced growth by providing world-class training and response solutions. Some of our work includes:

- *WMD Collective Lanes Training for dozens of CBRNE Response Forces*
- *US Navy EODTEU - CBRNE Training Support Subcontractor*
- *Texas Governor's Response Task Force – Ebola*
- *Prime Contractor – Ebola Emergency Response, Wyoming*
- *DHS – US Customs and Border Protection Prime Contractor*

*on 13, 5-year HAZMAT/Confined Space concealed trap extraction contracts*

*Protecting the Community. Saving the Environment.  
Proudly Hiring Veterans.*

*We Are CharlieSix - A Service-Disabled Veteran Owned Small Business.*

## Environmental Remediation

The Charlie Six environmental portfolio includes a combination of leaking oil tank batteries, decontamination of federal facilities, a 500-year flood event and dozens of incident recovery efforts. Charlie Six has the proven capabilities, established vendor and supplier relationships, and recognized processes to deliver cost-effective and timely solutions to all customers. The Environmental services include:

- NIMS-Compliant Incident Command
- Hot Zone Operations Command, Survey and Decontamination
- Soil Remediation using removal or biological neutralization
- Facility demolition, hazard abatement, and tank battery removal
- Hazardous Material/Waste Management and Disposal
- Firing Range Remediation and Restoration
- Soil Decontamination of Weapons of Mass Destruction

## WMD Clandestine Laboratory Site Safety Officer Certification Course

Charlie Six wrote and received constructive credit from the US Army for the WMD Clandestine Laboratory Site Safety Officer Certification Course. This training program was built using WMD chemistry as a foundation then coupled with our decade of CBRNE Emergency Response experience. To best suit a wide variety of EFR customers, Charlie Six has built variants of the program into Collective Lanes Training, HAZWOPER and Occupational Safety Training offerings for HAZMAT organizations all over the world.

- 7<sup>th</sup> Special Forces Group, US Army
- Dozens of NGB WMD-CSTs
- US Federal Protective Service
- 2nd Infantry Division
- Many Police and Fire Departments
- Allied Forces of the United States of America
